Q6.

Translate the following paragraph into Urdu or Sindhi considering expression and clarity. Education is the foundation of a bright future. It helps individuals gain knowledge, develop skills, and become responsible citizens. In today's world, education is more important than ever because it opens doors to better job opportunities and personal growth. A good education also helps people understand their rights and duties. Schools and teachers play a vital role in guiding students towards success. Parents should also support their children's learning at home. Education is not just about studying; it is about learning how to think, analyse, and solve problems. A well-educated nation can progress faster and face challenges confidently. Therefore, every child should have access to quality education. It's the key to a prosperous and peaceful society.
